Aflac provides employers with new supplemental benefits to offer their employees, at no direct cost to your company. Aflac helps your employees with expenses that a health insurance plan might not cover. Employees can enroll in any of the Aflac plans, based on their lifestyle and family needs. Aflac pays cash benefits directly to individuals when they have an accident or an illness.

Unity Insurance is a full service insurance agency offering a complete portfolio of insurance solutions. Working with physician practices is our specialty and we understand the risks inherent to your practice. With our team, you have direct access to insurance professionals who are objective and consultative in their approach. We can evaluate your current portfolio and help to identify any gaps in coverage.

Trish May helps TAM members keep more money in their pockets when buying or selling their own home (or investment property/land); typically a minimum of \$1,000 when buying a home, and up to thousands of dollars when selling a home!

LegalShield offers premium legal services to individuals, families and businesses without the burden of expensive legal fees. They provide comprehensive personal ID security through their ID Shield program and represent Commercial Drivers when they need it most.

Main Street families are under-insured, have too much debt and don't believe they can save money for the future. Their needs – and their dreams – have been neglected and overlooked. They've never needed a champion more. We help Main Street families change their financial lives so they can dream again.

Sierra Pacific Mortgage has TAM members covered with loan products that make homeownership possible. TAM members will be reimbursed for appraisal fees and receive FREE personalized consultation and education.

TAM members have access through US Health Advisors to flexible, customizable, and affordable health care coverage. US Health Advisors give TAM members access to an array of health care plans outside of open enrollment.
